Joseph Moshe (MOSSAD Microbiologist): "Swine flu vaccine is bioweapon"

[Posted on Unfictional.com](#)

Friday, August 21, 2009

Today, the MSM are not talking about this case any more. Yesterday, they wanted us to believe that Joseph Moshe was a nutcase and a terrorist, arrested for threatening to bomb the White House. Interesting detail about his arrest (the "Westwood standoff") was that he seemed to be immune to the 5 cans of tear gas and 5 gallons of law-enforcement grade pepper spray they pumped into his face. He [very calmly remained in his car](#), as the video footage of his arrest shows.

Professor Moshe had called into a live radio show by [Dr. A. True Ott](#), broadcast on Republic Broadcasting claiming to be a microbiologist who wanted to supply evidence to a States Attorney regarding tainted H1N1 Swine flu vaccines being produced by Baxter BioPharma Solutions. He said that Baxter's Ukrainian lab was in fact producing a bioweapon disguised as a vaccine. He claimed that the vaccine contained an adjuvant (additive) designed to weaken the immune system, and replicated RNA from the virus responsible for the 1918 pandemic Spanish flu, causing global sickness and mass death.

Sources tell us that Bar-Joseph Moshe made no threat against the President or the White House. He did not mention any bomb or attack. He then proceeded to inform the White House he intended to go public with this information. When he noticed men in suits in front of his house and feared that the FBI was about to detain him, he packed some belongings into his car and, him being a dual Israeli citizen, tried to reach the Israeli consulate located in close proximity to the federal building where the standoff took place. The FBI and the bomb squad prevented him from reaching it. Who is this man? [His profile](#) on biomedexperts.com says he is a plant disease expert with many publications on his name involving the genetic manipulation of virii. Photographic evidence that Moshe is who he says he is can be found [here](#).

Joseph Moshe was soon after his arrest sent or let go to Israel. Nothing has been heard from him since. The Secret Service was not the agency involved in the surveillance of Moshe at his home in California. This was done by the FBI, who had orders to detain or arrest him. Mounted on top of a large black vehicle used in his arrest was a microwave weapon that possibly damaged the electronics in Moshe's car as well as any communication devices he had which might have been used to contact the media or others who could help him.

Moshe did not suffer the same effects of the gas and pepper spray that others would have because he had built up an immunity to such weapons as a by-product of his Mossad training.

Moshe was not handcuffed because he was not placed under arrest.

Does this sound like an insane conspiracy theory? Sure it does. Due to the scarcity and anonymity of the sources we would dismiss it as exactly that, if it weren't for some uncomfortable facts:

Baxter Pharmaceutical has been [caught, red-handed](#), in spreading a live, genetically engineered H5N1 Bird flu vaccine as a lethal biological weapon all over the world, destined to be used for human vaccinations. This happened just a few months ago. And only luck prevented a global catastrophe of epic proportions.

Baxter International Inc. had mixed live, genetically engineered avian flue viruses in vaccine material shipped to 18 countries. Only by sheer luck, a Czech laboratory decided to [test the vaccine](#) on a dozen ferrets, [which all died](#) in days. The World Health Organization was notified

and catastrophe was averted. This was clearly a deliberate act on Baxter's part, because they adhere to [BS3](#), bio-safety level three. Baxter [admitted](#) a "mistake". Such monumental screwups are totally impossible at that level. Many safety systems would have needed to be sabotaged, many key personell would have needed to be bribed. It simply can't be done without direction from the inside. They did not send out the wrong vial – they produced dozens of gallons of biological-weapon agent (genetically engineered live H5N1 / Bird flu virus), then sent it out as a "vaccine".

Baxter knew full well that their vaccine was lethal, because the year before they had tested it on a few hundred homeless Polish people – [dozens died](#) as a result.

Where's the meat? Well – Baxter is now [being sued](#) for the deliberate, repeated contamination of vaccines with biological weapons designed – by them – to mass-murder people. Here is the [complaint](#) (PDF). By some kook nutcase? Not likely – Jane Burgermeister is an experienced, respected journalist. She is not the only one suing Baxter for planning and executing a plan for global genocide: Other are filing complaints as well. Read a well-researched complaint [here](#) (PDF).

Motive? The latter complaint alludes to it. Have you heard of the [Georgia Guidestones](#)? An enormous monument loaded with Masonic symbolism costing millions of dollars, it has been erected by unknown, powerful elites (multimillionaires with the clout to erect monuments wherever they please, obviously) around 30 years ago. It gives an "alternative ten commandments", of which the first is the extermination of six and a half billion people from the face of the Earth. Half a billion will remain. This is the number of people the planet can sustain indefinitely, so that the descendents of the Rothschilds and Rockefellers can live in peace and affluence indefinitely. Slaves are needed to produce that luxury, but 500 million will do just fine. But how does one go about killing off most of the world?

"Vaccinating" the planet with a bioweapon with near-100% mortality would do the trick. Baxter would provide both the bioweapon as well as the vaccine against it to "civilized" Western peoples. Result: We can plunder Africa, we have no more competition from SE Asia, the oil is for our taking and only Western and perhaps Chinese sheeple remain.

Rockefeller said this in 1994 at a U.N. dinner: "We are on the verge of a global transformation. All we need is the right major crisis, and the nations will accept the New World Order." PNAC said something similar right before 9/11.

Board of Directors of Baxter International Inc.

Walter E. Boomer

Former Chairman and Chief Executive Officer, Rogers Corporation

Blake E. Devitt

Former Senior Audit Partner and Director Pharmaceutical and Medical Device Industry Practice, Ernst & Young LLP

John D. Forsyth

Chairman and Chief Executive Officer, Wellmark Blue Cross and Blue Shield

Gail D. Fosler

President, The Conference Board

James R. Gavin III, M.D., Ph.D.

Chief Executive Officer and Chief Medical Officer, Healing Our Village, Inc.

Peter S. Hellman

Former President, Chief Financial and Administrative Officer, Nordson Corporation

Wayne T. Hockmeyer, Ph.D.
Founder and Former Chairman of the Board, MedImmune, Inc.

Joseph B. Martin, M.D., Ph.D.
Professor of Neurobiology and Former Dean of the Faculty of Medicine, Harvard Medical School

Robert L. Parkinson, Jr.
Chairman and Chief Executive Officer, Baxter International Inc.

Carole J. Shapazian
Former Executive Vice President, Maytag Corporation

Thomas T. Stallkamp
Industrial Partner, Ripplewood Holdings LLC

K. J. Storm
Former Chairman of the Executive Board, AEGON N.V. (The Netherlands)

Albert P.L. Stroucken
Chairman, President and Chief Executive Officer, Owens-Illinois, Inc.

Executive Officers

Joy A. Amundson
Corporate Vice President - President, BioScience

Peter J. Arduini
Corporate Vice President - President, Medication Delivery

Robert M. Davis
Corporate Vice President and Chief Financial Officer

J. Michael Gatling
Corporate Vice President - Manufacturing

Jeanne K. Mason
Corporate Vice President - Human Resources

Bruce McGillivray
Corporate Vice President - President, Renal

Robert L. Parkinson, Jr.
Chairman of the Board, Chief Executive Officer and President

Norbert G. Riedel
Corporate Vice President and Chief Scientific Officer

David P. Scharf
Corporate Vice President, General Counsel and Corporate Secretary

Karenann Terrell

Corporate Vice President and Chief Information Officer

Cheryl L. White
Corporate Vice President - Quality

Corporate Officers

Carlos Alonso
Corporate Vice President -- President, Latin America

Michael J. Baughman
Corporate Vice President and Controller

Robert J. Hombach
Corporate Vice President and Treasurer

Gerald Lema
Corporate Vice President - President, Asia Pacific

Peter Nicklin Corporate Vice President - President, Europe
